

Greetings Chadbourn

The good news is that the Town of Chadbourn is open for business, all our departments are working, we can pay our bills and we do not owe any foreign government money.

I visited the Train Depot recently and observe the hard work in progress of restoring it to a great community asset. A group of model railroaders from Brunswick County are rebuilding the train layout and are making it interactive for all us young folk. The depot is available for social events. To rent this facility, contact the Depot Director, Virginia Cox at 516-2004. The town appreciates all the work and dedication of Virginia, her husband Robert and Hilda.

The town has begun a reward program to help solve crimes committed in Chadbourn. A reward will be given to anyone providing information to the Chadbourn Police Department for the arrest and conviction of those whom are involved in a crime.

“Lunch with the Mayor” will be held Tuesday October 22 at the Chadbourn Senior Center. This is a time for us to voice concerns about our Town, suggestions for community problems and exchange ideas. Come enjoy a good meal, fellowship with neighbors and get community updates.

Remember to keep our elected officials at all levels of government in our prayers. It is time for them to represent those they serve.
