

## Greetings Chadbourn

Strawberry Week is fast approaching. We are working hard to get our Town cleaned up. We hired Atlantic Utilities to make a sweep through our neighborhoods to pick up ice storm waste. Waste Management could not do the task with just a once a week schedule. In spite of a rumor, no neighborhood was bypassed. Our citizens keep cleaning up yards, so it may have looked like some areas were bypassed. WM has also provided additional runs and trucks. Our Public Utilities Department has also been a great help. Waste Management's last run before Strawberry events begin will be April 28. I am asking for your help. Please get all your waste out by Sunday the 27<sup>th</sup>. Our men will make runs through town that week to pick up any lingering piles. Thank you.

Pawn South has opened a storage business in the old Granger's building beside Town Hall. The front looks great and we welcome them to the neighborhood. Also new to the neighborhood is an ice cream shop located at corner of Brown and 5<sup>th</sup> Ave. Town Council and employees helped with the grand opening. The coffee and ice cream were great with smiling face customer service. We ask you to support these local businesses.
