Adjustments in Sewer Bill for Water Leaks

Verify that there was a leak. Once leak has been determined verify that the repairs have been made. Customer must provide proof of repair in order to receive leak adjustment. Average usage for 12 months and charge regular rate for this amount. Once the amount is determined deduct the excess amount from the sewer bill only for up to a maximum of two consecutive months. **(Limit two adjustments per year)**

For pool adjustments there will be a minimum of 6,000 gallons usage and this shall be limited to one time per calendar year deducted from sewer bill only.

Water Disruption Charge

When a water main is cut or otherwise damaged without having been located by the town or the located line has been hit within three (3) feet of marking causing a major loss of potable water and or interruption of water service to residents a **\$1000.00 minimum plus clean up and repairs will be charged to the responsible party or parties.**

Sewage Disruption Charge

When a force main, gravity line or sewer service is cut or otherwise damaged without having been located by the town or the located line has been hit within three (3) feet of marking a **\$1000.00 minimum plus all clean up, line repair costs and any fines imposed by NCDWQ will be charged to the responsible party or parties.**

Infiltration Treatment Charge

When a force main, gravity line or sewer service is cut or otherwise damaged and infiltration of water, sand or other debris occurs without having been located or the located line has been hit within three (3) feet of marking a **\$1000.00 minimum plus all required line, lift station and plant cleaning along with any fines imposed by NCDWQ will be charged to the responsible party or parties.**

NOTE: When both Sewage Disruption Charge and Infiltration Treatment Charge are imposed only one (1) \$1000.00 minimum shall apply.
